

CONNECT WITH FLORIDA'S

EMERGENCY MEDICINE COMMUNITY

FCEP and FEMF advance emergency medicine across Florida through advocacy, education and professional development. Partner with us to support this work and connect with Florida's emergency medicine community.

OPPORTUNITIES START AT \$1500

EMERGENCY MEDICINE DAYS (EM DAYS)

March 30–April 1, 2027 | Tallahassee, FL

Be part of the conversation shaping emergency care in Florida. EM Days brings emergency physicians, residents, and medical students to Tallahassee to advocate for the patients they serve and the future of their specialty. FCEP members engage policymakers on priorities including physician safety and privacy, workforce sustainability, physician-led care teams, access to emergency care in rural and underserved communities, and pediatric readiness.

New for 2027: Sponsors have the opportunity for in-person representation at EM Days, creating a unique way to connect with FCEP members while supporting their advocacy efforts.

LIFE AFTER RESIDENCY (LAR)

Spring TBD, 2027 | Tampa, FL

Connect with the next generation of emergency physicians at a pivotal point in their careers. Life After Residency brings residents together as they prepare for the transition from training to practice, offering sponsors an opportunity to build relationships with emerging physicians, showcase career opportunities and resources, and establish brand awareness that can extend well beyond residency.

SYMPOSIUM BY THE SEA (SBS)

Aug 5 - 8, 2027 | Bonita Springs, FL

Put your organization at the center of Florida's emergency medicine community. FCEP's annual conference brings emergency physicians, residents, students and other emergency medicine professionals together for education, networking, collaboration and professional development. SBS offers sponsors a high-visibility environment to showcase their organization, strengthen relationships and engage directly with emergency medicine professionals from across Florida.

Year-Round Partnership. Greater Impact.

Annual Support starting at \$10,000

Go beyond a single event and build a lasting relationship with Florida's emergency medicine community. FCEP-FEMF Corporate Partners provide year-round support for FCEP's work in advocacy, education and professional development while gaining ongoing opportunities for visibility, engagement and connection with emergency physicians, residents and future leaders in the specialty. Corporate Partnerships can be tailored to your organization's goals, with opportunities to engage across FCEP events, educational programs, communications and other initiatives throughout the year.

Thank You 2025–2026 Corporate Partners
